741 STARLIGHT

Compact. Beautiful. Powerful. Seeing & Hearing is Believing.

Inspired by Michael Jackson's iconic Thriller album (Originally titled Starlight), representing the eternal pursuit of acoustic perfection. Standing at exactly 1 metre tall, these floor standing speakers deliver big, open, and emotional sound. Featuring our signature open-baffle midrange and dedicated 8-inch woofers, they bring a whole new level of realism to your favourite tracks, specially live performances, house, club, and Afro House mixes.

KEY PRODUCT FEATURES

Strong Punchy Bass
Custom 8-inch long-throw woofers belt out deep, impactful bass that effortlessly surpasses expectations for a speaker of this size.

Signature Open Baffle Midrange
6-inch open baffle mid driver creates an ultra-clear, wide soundstage that eliminates box colorations and renders natural vocal warmth.

Ear-Level Silk Tweeter
Precision 1-inch silk dome tweeter positioned at ear level, engineered to emote subtle micro-details even at low night-time listening volumes.

Compact 1-Metre Form Factor
Stands at exactly 1 metre tall (39"). Ideal for modern apartments and luxury interiors where space is premium, but big sound is essential.

Resonance-Damped Construction
17mm high-density MDF cabinet treated with a 2mm Butyl Rubber internal lining to eliminate cabinet vibration and colorations.
